

# INTERESTED IN A FIELD MACHINIST POSITION?

OCTO Mechanical Inc. ("OCTO") Is expanding, and we're looking for qualified Field Machinists. In addition to a safety-first work culture, we offer competitive wages, an industry-leading benefits package and professional training opportunities. If our core values, Safety, Quality and Productivity, resonate with you, keep reading.

About you:

- You put safety first using common sense to keep yourself, your coworkers, and everyone else around you safe; At all times.
- You respect the environment and your health by continually looking for ways to avoid contamination risks.
- You're a hard worker who looks for ways to stay busy and productive, even during slow periods.
- You ask questions; Lots of them. You like to learn and always ask for direction or advice when you're not sure of next steps.
- You enjoy field work. Two-week rotations to a remote location work for your personal lifestyle and family responsibilities.

Qualifications:

- You're a Journeyman or Apprentice Machinist, registered to work in Alberta.
- You have 5+ years of related work experience in the trade (2-3 years field machining).
- You're able to pass a 12-panel drug & alcohol test (at all times.)
- You have your H2S, CSTS09, WHIMIS, Basic First Aid, and a valid Driver's License

About the work:

- OCTO is a leading provider of field machining services including base milling, flange facing, pipe cutting, line boring, stud removal and specialty on site machining.
- OCTO is the only approved provider for several unique field machining procedures for Caterpillar. As a result, our Field Machinists often travel internationally for jobs and need a valid Passport.
- We own the largest linear/gantry mill in Canada and work on bases as large as 14' X 6' in one setup.

- OCTO also provides extensive millwright services and our Field Machinists support our Millwright teams as required.

If your values are aligned with ours, you think you're the kind of person we're looking for, AND you have the necessary professional qualifications, we want to hear from you. Please submit a cover letter and resume to [jobs@octomechanical.com](mailto:jobs@octomechanical.com). If you pass our rigorous screening process, we will contact you to schedule an interview. For more information about OCTO please visit our website at <https://octomechanical.com/>.
